

Write your own future story!

There is limited space and only a few people will be invited to participate. **You** could be one of those people!

Getting Ahead is for people “just getting’ by” on the lower rungs of the economic ladder. It is about building economic stability. People, who want to, can use this program to build their path to a good-paying job, to stable housing and to the ability to save for a rainy day and old age.

Getting Ahead is designed to investigate community resources, and your own resources, the hidden rules of class, and how you can use them to build your resources to create your own plan for a better life - and write your own future story. Getting Ahead is based on Ruby Payne, PhD’s work.

Getting Ahead is a “kitchen table” style program made to be less like a classroom and more like a working group made up of people who want to create a better life for themselves and our community.

- You will get a gift card incentive for group participation and lunch is provided- over \$400 value.
- This is a 16 week closed program and you must begin with the group.
- The expectation, if you are chosen, is that you will make every effort to attend all group meetings.
- Missed classes must be made up before the next class and there is no incentive for makeups.
- The value the impact Getting Ahead can have in your life and your family’s future is **PRICECESS!**

Sign up now!

Return the slip below to United Way to be put on the call list for the next class. You must begin with the group because Getting Ahead is a closed class, the people who start together, finish together.

When the next class start date is set, we will contact you to let you know the date and schedule a time for you to come in to talk and get the details.

Return to United Way right away!
